

February 27<sup>th</sup>, 2026

**REACH REGULATION 1907/2006 – Article.33 Obligation to inform**

Lead metal is included in the "Substances of Very High Concern (SVHC) Candidate List" published by the European Chemicals Agency (ECHA). If the lead metal in the brass articles exported to EU totals more than one tonne per importer per year, and if lead metal is present in the article above 0.1% w/w, the importer must notify ECHA unless an exemption applies.

This information note has been prepared to inform consumers about the use of the "Pb-Lead" substance in the SVHC list in our products in the "Article" category.

|                                    |                                            |
|------------------------------------|--------------------------------------------|
| <b>Substance Name</b>              | Lead                                       |
| <b>Formula</b>                     | Pb                                         |
| <b>EC / List no.</b>               | 231-100-4                                  |
| <b>CAS no.</b>                     | 7439-92-1                                  |
| <b>Products which contain Lead</b> | Brass Rods, Bras Ingots and Brass profiles |

| <b>Product Alloy</b>                           | <b>Lead %</b> |
|------------------------------------------------|---------------|
| CW602N, CW603N, CW612N, CW617N, CW625N, CW626N | Approx. 2%    |
| CW614N                                         | Approx. 3%    |
| CW509L, CW510L, CW511L                         | Max. 0,2%     |
| CB752S, CB755S, CB757S, CB770S                 | Max. 2%       |
| CB767S, CB771S                                 | Max. 0,2%     |

*Note: Consider the "Pb" value in our Quality Certificate for the net lead ratio in our products.*

Although our products as they are marketed do not harm human health through inhalation, ingestion and/or skin contact, you can find information on the safe use of the substance from the link given below.
